APPRECIATION

Dear Power Projects team,

It is my pleasure to extend our sincere appreciation for your exemplary performance and dedication to the **Evonith Metallics limited**. Your professionalism, attention to detail, and commitment to excellence have significantly contributed to the successful completion of the scope, which are listed below:

1. Network Analysis.
2. On-Site Data Collection with Digitalisation.
3. SLD Preparation in ETAP.
4. Load Flow Study.
5. Fault level calculation.
6. Short Circuit Analysis.
7. Relay Co-ordination Study.
8. Unit Protection (Generator, Power Transformer, Distribution Transformer, HT Motor).
9. Transient Stability Analysis.
10. Review of the Grid Islanding scheme.
11. Review of the Load Shedding scheme.

Your efforts have set a benchmark for quality and have made a positive impact on both the team and the organisation. The leadership and initiative demonstrated by **Mr. Selvakumar**, along with the seamless efforts of **Mr. Ajithkumar**, Business Development Head, and the dedicated contributions of the engineers—**Mr.Pruthiviraj**, Lead Engineer, and **Mr.SriRamPrasath**, Working Engineer—are truly commendable and deeply appreciated.

On behalf of **Evonith Metallics Limited**, I extend my sincere thanks for your outstanding contribution and look forward to your continued success and unwavering commitment in the future.

Thanking You,

For M/s Evonith Metallics Ltd.,

Authorised Signatory
Tulsi Prasad Verma
Senior Manager (E&I)
